"Monday Dec 6th

(Commences strong breze and hazy from about
S.W steering W.N.W ships Pd look in reefs &
sails the breze increases at 8 double reefed the
fore top sail at 9h30 took in the main sail
double reefed the main top sail and while
attempting to get the 1st in James Ryan
one of the forward hands fell overboard
let the ship come to the wind and lowered
away the boat as fast as possible but
all to no use for it is dreadful weather and
blowing so strong with violent squalls of
wind and rain We Consider it not safe
to lower a boat and while the boat was
off Came near of loosing the boat and crew
but finally got her on board again made a
number of tacks in hope of finding him
with the ship but alas he is gone
the god of heaven who has seen fit to send
him to a watery grave pour fellow he has
left this world of trouble for a better
we hope at 1 oclock all Calm at 1h30 took a
buoy from S.W & at 5 set double reefs latter
part Continues fresh breze since squally from
W.S.W heading W.N.W½W)
